

John Rubino

Product designer in NYC with 4+ years turning complex sign-up, enrollment, and account flows into clear, trustworthy experiences. I partner with product, engineering, and research, ship in both Figma and code, and use Devin, Codex, and Claude Code to take work from early concept to tested prototype to production.

EXPERIENCE

BNY Pershing · Product Designer, Wealth Services

Sep 2023 – Present

Enterprise wealth platform for advisors, institutions, and their clients — regulated, multi-step account and money journeys where every step, state, and edge case has to stay clear.

- Co-led the rebuild of New Account Opening and Asset Movement: redesigned the information architecture, interaction model, and end-to-end flows for two flagship multi-step journeys, turning dense requirements into clear steps without losing required disclosures, states, or edge cases.
- Lead designer on Fully Paid Lending: took a new product from concept to launch with PM and engineering, designing the digital enrollment journey, dashboard, and position views now live in NetX for all Introducing Broker-Dealers; a March beta partner lent \$27M in a day (\$49.9k to the investor, \$10.7k to the IBD).
- Grounded flow decisions in research, analytics, and stakeholder input; prototyped concepts in Figma and code to test them early, then presented tradeoffs to product, engineering, and senior leadership to align on direction.
- Contributed reusable components and UX patterns — states, hierarchy, and annotated specs — back to the Wealth Services design system so new flows ship consistently across teams.
- Partnered with internal teams to develop workflows and AI-enabled patterns for the Wealth Services design team; build working prototypes in Figma and code with Devin, Codex, and Claude Code, and mentor designers through critique and AI-assisted process.

Collective Design · Design Advisor

2024 – Present

Advise early-stage AI and product startups on interaction craft, UX architecture, and product strategy when there is no playbook yet.

Purple Panda Rentals · Product Designer & Founder

Sep 2020 – Feb 2023

Founded and shipped a consumer rental platform 0-to-1 in Figma and code — sign-up, referral, and account moments designed for first-time clarity. 100+ sign-ups, 20% referral increase.
