

John Rubino

Product designer in NYC with 4+ years of experience in enterprise fintech, AI product design, and O-to-1 venture work.

Experience

BNY | Pershing | Product Designer · Wealth Services

Sep 2023 – Present

Enterprise wealth management platform serving institutional clients and financial advisors. Contributed to a multi-year platform overhaul rebuilding core advisory workflows from the ground up across New Account Opening, Asset Movement, and Fully Paid Lending.

- Co-led a complete rebuild of New Account Opening (NAO) and Asset Movement — redesigning the information architecture, interaction model, and end-to-end flows for two flagship advisor workflows within a future-state banking vision platform
- Primary designer on Fully Paid Lending, now live in NetX for all Introducing Broker-Dealers: Fully Paid Lending dashboard, digital enrollment, and position-level revenue. A March beta IBD used it to lend a \$27M position in a day (\$49.9k to the investor, \$10.7k to the IBD)
- Part of an AI team shaping how the Wealth Services design team works with AI — workshopping tools, setting usage patterns, and modeling an AI-augmented design practice across the org

Collective Design | Design Advisor

2024 – Present

Advising early-stage startups at the intersection of AI and product design — shaping O-to-1 product strategy, UX architecture, and go-to-market design for founders building in emerging technology.

Purple Panda Rentals | Product Designer & Founder

Sep 2020 – Feb 2023

Designed and launched a consumer rental search platform from 0 to 1 — 100+ sign-ups, 20% referral increase through research-driven UX improvements.
