

John Rubino

Product designer in NYC with 4+ years working on complex enterprise fintech and wealth products. I partner with product and engineering to turn ambiguity, requirements, and edge cases into simple, high-craft experiences, shipping in both Figma and code with Devin, Codex, and Claude Code.

EXPERIENCE

BNY Pershing · Product Designer, Wealth Services Sep 2023 – Present

Enterprise wealth platform for advisors and institutions, with regulated, analytical workflows where clarity must hold across dense requirements and edge cases.

- Lead designer on Fully Paid Lending, a credit and securities-lending product: framed the problem and owned dashboard, enrollment, states, and edge cases through ship in NetX for all Introducing Broker-Dealers; a March beta partner lent \$27M in a day (\$49.9k to the investor, \$10.7k to the IBD).
- Co-led Asset Movement and New Account Opening with Product and Engineering: explored workflows, tested concepts, and turned complicated systems and compliance requirements into clear hierarchy, defaults, and interaction states.
- Redesigned alternative-investment order entry with an AI-enabled document-upload path, simplifying a document-heavy money workflow while keeping requirements intact; used Figma, code, Devin, Codex, and Claude Code with engineering partners.
- Partnered with internal teams to develop AI-enabled workflows and patterns for the Wealth Services design team, communicating tradeoffs through research, usability tests, critiques, and prototypes.

Collective Design · Design Advisor 2024 – Present

Advise founders on 0-to-1 product work: explore broadly from first principles, prototype multiple directions, and raise visual and interaction craft beyond inherited patterns.

Purple Panda Rentals · Product Designer & Founder Sep 2020 – Feb 2023

Founded and shipped a consumer product 0-to-1, turning dense inventory systems into clear, searchable workflows; 100+ sign-ups and a 20% referral increase from research-driven iteration.

WRITING

Design Thinker — public writing on AI tools, design systems, and craft. johnrubino.substack.com
