

John Rubino

Product designer in NYC with 4+ years shipping technical product experiences end to end — research through pixels, with a bias toward systems and implementation quality. I partner with product and engineering, ship in both Figma and code, and use Devin, Codex, and Claude Code to take work from product requirement to design to production.

EXPERIENCE

BNY Pershing · Product Designer, Wealth Services Sep 2023 – Present

Enterprise wealth platform for advisors and institutions — technical, data-dense products where design systems, implementation fidelity, and partnering closely with engineers are part of the job.

- Lead designer on Fully Paid Lending: designed every detail from concept to user flow to pixels — enrollment and dashboard now live in NetX for all Introducing Broker-Dealers; a March beta partner lent \$27M in a day (\$49.9k to the investor, \$10.7k to the IBD).
- Co-led New Account Opening and Asset Movement: research how operators work, weigh findings against business priorities, and ship phased improvements with clear interaction behavior and edge cases covered.
- Contribute durable UI patterns, components, and annotations engineers can implement consistently — verify handoff quality including interaction states, accessibility, and copy.
- Partnered with internal teams on AI-enabled Wealth Services patterns; uses coding agents (Devin, Codex, Claude Code) daily to prototype and tune design-to-production workflows.

Collective Design · Design Advisor 2024 – Present

Advise early-stage AI and product startups on interaction craft and product strategy for technical tools when there is no playbook yet.

Purple Panda Rentals · Product Designer & Founder Sep 2020 – Feb 2023

Founded and shipped a consumer product 0-to-1 in Figma and code — end-to-end flows from concept through production UI. 100+ sign-ups, 20% referral increase.

WRITING

Design Thinker — public writing on AI tools, design systems, and craft. johnrubino.substack.com

EDUCATION & CERTIFICATIONS

College of Staten Island
B.A. Music Technology · 2014–2019
