

John Rubino

Product designer in NYC with 4+ years designing clear, trustworthy financial products. I own work from a loose brief through launch, partner closely with product and engineering, ship in both Figma and code, and use Devin, Codex, and Claude Code to carry design intent all the way into production.

EXPERIENCE

BNY Pershing · Product Designer, Wealth Services Sep 2023 – Present

Enterprise wealth platform for advisors, institutions, and Introducing Broker-Dealers — regulated financial surfaces where clarity, trust, and visual precision have to hold once engineering ships them.

- Lead designer on Fully Paid Lending: took a loosely defined brief to launch with minimal oversight — framed the problem, aligned product, engineering, and business partners, and shipped the dashboard, enrollment, and states now live in NetX for all Introducing Broker-Dealers; a March beta partner lent \$27M in a day (\$49.9k to the investor, \$10.7k to the IBD).
- Advanced shared Wealth Services design-system patterns — extensible components, states, and annotated specs with layout, typography, and accessibility details that other designers and engineers reuse, so new surfaces stay consistent at scale.
- Co-led New Account Opening and Asset Movement: synthesized user needs, compliance constraints, and stakeholder input into a clear hierarchy and interaction model, then used feedback and usage data to ship phased improvements instead of one-shot redesigns.
- Partner with engineering from early technical exploration through implementation — prototype in Figma and code with Devin, Codex, and Claude Code so design intent carries into production; partnered with internal teams to develop workflows and AI-enabled patterns for the Wealth Services design team, and mentor designers through critique.

Collective Design · Design Advisor 2024 – Present

Advise early-stage AI and product startups on visual craft, design language, and how they tell the story of a technical product when the team moves fast.

Purple Panda Rentals · Product Designer & Founder Sep 2020 – Feb 2023

Founded and shipped a consumer brand 0-to-1 in Figma and code — brand identity, public-facing website, and end-to-end booking flows across browsers and devices. 100+ sign-ups, 20% referral increase.

WRITING

Design Thinker — public writing on AI tools, design systems, and craft as a storytelling medium. johnrubino.substack.com
