EXPERIENCE

BNY Pershing · Product Designer, Wealth Services Sep 2023 – Present

Enterprise wealth platform for advisors, institutions, and their investors — regulated, multi-step account and money-movement flows where trust and clarity drive adoption.

- Lead designer on Fully Paid Lending: took an ambiguous new revenue product from concept to launch with PM and engineering — enrollment, dashboard, and earnings states now live in NetX for all Introducing Broker-Dealers; a March beta partner lent \$27M in a day (\$49.9k to the investor, \$10.7k to the IBD).
- Co-led New Account Opening and Asset Movement from discovery through delivery: worked research, user feedback, and stakeholder input into flows, prototypes, and high-fidelity designs that distill complex, multi-step account and money-movement actions into clear journeys.
- Evolved the Wealth Services design system with reusable components and interaction patterns — type, spacing, hierarchy, and states — documented so engineering builds them consistently across products.
- Improved design–dev–QA handoff with Product, Engineering, and QA through annotated specs and functional prototypes in Figma and code (Devin, Codex, Claude Code); partnered with internal teams to develop workflows and AI-enabled patterns for the Wealth Services design team, and mentor designers on systems and quality.

Collective Design · Design Advisor 2024 – Present

Advise early-stage AI and product startups on interaction craft and product strategy for technical tools when there is no playbook yet.

Purple Panda Rentals · Product Designer & Founder Sep 2020 – Feb 2023

Founded and shipped a consumer rental platform 0-to-1, including sign-up, referral, and milestone moments that drove growth. 100+ sign-ups, 20% referral increase.
