

John Rubino

Product designer in NYC with 4+ years shaping multi-surface systems for operators who need clear help paths under pressure. I partner with product and engineering, ship in both Figma and code, and use Devin, Codex, and Claude Code to take work from product requirement to design to production.

EXPERIENCE

BNY Pershing · Product Designer, Wealth Services Sep 2023 – Present

Enterprise wealth platform for advisors and institutions — dense, dual-sided workflows where context, handoffs, and states have to stay coherent across surfaces.

- Lead designer on Fully Paid Lending: owned enrollment, dashboard, and position-level flows end to end so operator and investor context travels together through every step; now live in NetX for all Introducing Broker-Dealers — a March beta partner lent \$27M in a day (\$49.9k to the investor, \$10.7k to the IBD).
- Co-led New Account Opening and Asset Movement: designed multi-step journeys with clear escalation points, shared account context, and phased ship plans so teams improve support-adjacent paths without one-shot redesigns.
- Grew reusable interaction patterns — hierarchy, states, and annotations — so chat-like clarifications, form recovery, and self-serve account actions stay consistent across Wealth Services surfaces.
- Partnered with internal teams on AI-enabled document-upload and workflow patterns for the Wealth Services design team; prototypes fast in Figma and code with Devin, Codex, and Claude Code, then validates handoffs with partners before polish.

Collective Design · Design Advisor 2024 – Present

Advise early-stage AI and product startups on interaction craft and systems thinking when conversational and agentic surfaces still need a human-readable path.

Purple Panda Rentals · Product Designer & Founder Sep 2020 – Feb 2023

Founded and shipped a consumer rental platform 0-to-1, including help and milestone moments that kept guests moving without dropping into dead ends. 100+ sign-ups, 20% referral increase.

WRITING

Design Thinker — public writing on AI tools, design systems, and craft. johnrubino.substack.com
